

PROGRAM*

TIME ZONE:
Vladivostok UTC +10

SEPTEMBER 27, 2024

Day 1
Diamond Hall "A" (200 seats)
PLASTIC SURGERY PROGRAM*

10:00-11:00 Opening ceremony of the Forum (60 min.)

The Presidium:

- **Natalia Evgenievna Manturova**, Chief Consultant Specialist and Plastic Surgeon of the Ministry of Health of the Russian Federation and the Department of Health of Moscow, Head of the Department of Plastic and Reconstructive Surgery, Cosmetology and Cellular Technologies of the N.I. Pirogov Russian National Medical University, Russian Ministry of Health, President of the Russian Society of Plastic, Reconstructive and Aesthetic Surgeons, PhD in Medicine.
- **Professor Xiaoping Ren (China)**

The following people are invited to participate in the opening ceremony**:

- **Oleg Nikolaevich Kozhemyako**, Governor of Primorsky Krai province
- **Konstantin Vladimirovich Shestakov**, Mayor of Vladivostok
- **Evgeny Yuryevich Shestopalov**, Minister of Health of the Primorsky Krai province
- **Valentin Borisovich Shumatov**, Rector of the Pacific Medical University of the Ministry of Health of the Russian Federation
- **Elena Vladimirovna Markelova**, Vice-Rector for Research of the Pacific Medical University of the Ministry of Health of the Russian Federation
- **Kirill Vladimirovich Stegny**, Chief Surgeon of the Far Eastern Federal District

**** Confirmation is expected**

11:00-11:30 Special lecture by Professor Xiaoping Ren "Head Allotransplantation: The Present and the Future"

Xiaoping Ren (China) (30 min.)

11:45-12:30 Meeting of the Special Professional Commission on Plastic surgery (45 min.)

Co-chairs: Manturova N.E., Sharobaro V.I., Pavlyuk M.D.

1. Discussion of the work of the academic departments on plastic surgery.
2. Adaptation to the new academic program on plastic surgery.
3. Research projects of the academic departments on plastic surgery.
4. Collection of statistical data by the academic departments on plastic surgery.

13:00-14:30 Section on Reconstructive surgery after oncology (90 min.)

Co-chairs: K.V. Stegny, Tai Son Nguyen

The effect of 5-Fluorouracil on the implantation of mesh prostheses in plastic surgery of the anterior abdominal wall

Goncharuk R.A. (15 min.)

Complications of reconstructive plastic surgery in patients with malignant neoplasms of the mammary glands

Argishev O.A. (15 min.)

Biophysiologic Role of Free Flaps: Long-term Follow Ups

Jeong Tae Kim (15 min.)

Approaches to the treatment of lymphedema in comorbid patients

Kovaleva P.V. (15 min.)

The basic principles of conservative treatment of lymphedema: the concept of RAGN

Kanash T.A. (15 min.)

Complications after lymphatic surgery: Could they be avoided?

Rovnaya A.V. (15 min.)

14:45-17:00 Section on Reconstructive breast surgery (135 min.)

Co-chairs: Melnikov D.V., Vasiliev V.S., Malygin S.E., Tai Son Nguyen

Breast Reconstruction using DIEP free flap after breast cancer resection / Реконструкция молочной железы с использованием лоскута DIEP free после резекции рака молочной железы

Tai Son Nguyen (Vietnam) (15 min.)

Current trends in breast reconstruction

Melnikov D.V. (15 min.)

Our experience of breast reconstruction

Ptukh E.Ya. (15 min.)

Complications after breast reconstructive surgery

Izosimova A.V. (15 min.)

Oncoplastic mastopexy in breast cancer: technical solutions and results

Malygin S.E. (15 min.)

Hybrid breast reconstruction: perforant flap, the fat, and the loop

Kazantsev I.B. (15 min.)

Subglandular simultaneous breast reconstruction. Our experience

Tsarev O.N. (15 min.)

Patterns of development of capsular fibrosis on breast implants after radiation therapy

A.A. Beekeeper (15 min.)

Discussion (15 min.)

17:15-19:30 Section on Aesthetic breast surgery (135 min.)

Co-Chairs: Sidorenkov D.A., Melnikov D.V.

Our approach to periareolar breast lift: from indications to execution details

Melnikov D.V. (15 min.)

Stabilization of the lower contour of the breast during endoprosthesis

Marinicheva I.G. (15 min.)

Anatomical implants or Motiva Ergonomix®: in search of a better alternative*

Gulikyan G.N. (15 min.)

*(*supported by Renaissance Aesthetics, not included in the **NMO** program)*

Composite breast augmentation

Almazov I.A. (15 min.)

The advantage of Breast augmentation by Pectoralis muscle splitting technique / Преимущество увеличения груди методом расщепления грудных мышц

Sanguan Kunaporn (Thailand) (15 min.)

Reduction and mastopexy of the mammary glands using a medial crus and an endoskeleton

Ptukh E.Ya. (15 min.)

Volume, shape, and geometry: Factors that determine the choice of breast implants. Experience of 23 years, and 3,000 patients

Yakhontov A.V. (15 min.)

Ways to achieve optimal asymmetry in reduction mammoplasty

A.F. Lesnyakov (15 min.)

Reduction mammoplasty: choosing the optimal technique

Melnikov D.V. (15 min.)

Day 1 Emerald Hall (50 seats)*

13:30-14:30

Quality and safety in medicine. Current issues of safety of handling of medical devices *

**with the support of Roszdravnadzor, not included in the NMO program*

Moderator: Ivanov I.V.

Quality and safety in medicine. Current issues of safety of handling of medical devices

Ivanov Igor Vladimirovich (15 min.)

Director General of All-Russian Research and Testing Institute of Medical Technology, PhD in Medicine

Monitoring the safety of medical devices: The procedure for conducting

Zinovieva Evgeniya Vladimirovna (15 min.)

Deputy Head of the Center for Scientific Research and Advanced Development of All-Russian Research and Testing Institute of Medical Technology, PhD in Medicine

Issues of protecting the interests of manufacturers of intradermal implants in the territory of the Russian Federation

Maxim Petrovich Ivlev (15 min.)

Association of Importers of Cosmetology, Cosmetics and Medical Products

Clinical algorithms for improving the safety of surgical interventions in plastic surgery

Tataurshchikova Natalia Stanislavovna (15 min.)

Professor, Deputy Director for Science and Innovations, Institute of Plastic Surgery and Cosmetology, PhD in Medicine

15:00-16:30 Expert Council on ultrasound liposuction and lipotransfer of the Russian Society of Plastic, Reconstructive and Aesthetic Surgery

Liposuction and lipofilling with VASER* (90 min.)

Co-chairs: Manturova N.E., Sharobaro V.I., Sidorenkov D.A., Vasiliev S.A., Penaev A.A., Vasiliev V.S., Tataurshchikova N.S., Kazantsev I.B., Rakhimov A.Ya.

*(*supported by Premium Aesthetics, not included in the NMO program)*

Progress and challenges of modern liposuction methods

Sharobaro V.I. (10 min.)

Comparative characteristics of modern liposuction methods

Kazantsev I.B. (10 min.)

VASER system features: interesting clinical cases

Oshurkov P.A. (10 min.)

The results of the development of expert recommendations on working with ultrasonic liposuction

Vasiliev V.S. (10 min.)

Advanced capabilities of liposculpture

Rakhimov A.Ya. (10 min.)

Ultrasound liposuction techniques

Sidorenkov D.A. (10 min.)

Contemporary perspective at liposculpture

Penaev A.A. (10 min.)

Discussion. Approval of the draft guidelines (20 min.)

***17:00-19:00 Closed session on Regulation of the circulation of injectable cosmetology products* –
entrance by listed invitations only***

**with the support of the Ministry of Industry and Trade, not included in the NMO program*

С МЕЖДУНАРОДНЫМ УЧАСТИЕМ

SEPTEMBER 28, 2024

Day 2
Diamond Hall "A" (200 seats)
PLASTIC SURGERY PROGRAM*

10:00-11:00 Starting session on the plastic surgery held by the Russian Society of Plastic, Reconstructive and Aesthetic Surgery

Expert panel: Manturova N.E., Stegny K.V., Romanchuk A.L., Zholtikov V.V., Sharobaro V.I.

Free skin plastic surgery
Kovalevsky D.A. (15 min.)

Reconstructive plastic surgery for breast cancer
Movchan D.S. (15 min.)

Various options for subglandular breast reconstruction with texture-coated implants
Biyachueva L.A. (15 min.)

Summing up the session

11:00-11:30 Special lecture: Allotransplantation of hands: The Present and the Future
Professor Xiaoping Ren (China) (30 min.)

11:45-13:15 Section on Aesthetic facial surgery. Part 1 (90 min.)

Co-chairs: Manturova N.E., Avdoshenko K.E., Golovach V.A.

Artistic assessment of the face and the opportunities of its application by a plastic surgeon
Manturova N.E. (15 min.)

The choice of surgical methods for the correction of age-related and aesthetic deformities of the middle zone of the face
Avdoshenko K.E. (12 min.)

Vladivostok TIME ZONE UTC +10 *the program is subject to change

Endoscopic frontotemporal lifting and blepharoplasty

Golovach V.A. (12 min.)

Bolus lipofilling in aesthetic facial surgery

Kazantsev I.B. (12 min.)

Harmonizing surgeries in the lower third of the face and the neck

Borisenko A.S. (12 min.)

Current thinking on the mechanisms of formation of age-related changes in the face. Review of scientific literature

Vasiliev I.S. (12 min.)

Periorbitoplasty by the hands of a plastic surgeon and an ophthalmologist

Eremenko I.L. (12 min.)

13:30-15:00 Section on Aesthetic facial surgery. Part 2 (90 min.)

Co-chairs: Manturova N.E., Romanchuk A.L.

Substantiation of a choice of a surgical method for correcting age-related changes in the lower two thirds of the face from the standpoint of harmony and aesthetics

Avdoshenko K.E. (15 min.)

All facets of blepharoplasty

S.V. Moshak (15 min.)

Basic operations for complex facial rejuvenation

Zuev V.V. (15 min.)

Prevention and treatment of complications occurring after aesthetic surgeries on the lower third of the face and the neck

Lysenko N.A. (15 min.)

Current thinking on facial anthropometry as an important tool in planning surgical rejuvenation of the lower two thirds of the face

Strelkova N.K., Avdoshenko K.E. (15 min.)

Facial rejuvenation using a fat grafts / Омоложение лица с помощью Fat grafting

Mahira Tanovic (USA) (15 min.)

15:15-17:00 Section on Primary rhinoseptoplasty (105 min.)

Co-chairs: Romanchuk A.L., Zholtikov V.V., Glushko A.V., Hong Nhung Nguyen

Skin contour sutures to reduce dead space and swelling after rhinoplasty

Zholtikov V.V. (15 min.)

The concept of creating aesthetics of the tip of the nose

Glushko A.V. (15 min.)

Alternation of the surgical methods depending on the degree of opening of the nasolabial angle

Yakhontov A.V. (15 min.)

Complications and causes of failures in preservation rhinoplasty: Solutions and addressing the blocking points

Yusifzade R.V., Lipsky K.B. (15 min.)

Rhinoplasty: preserving or structural – which one to choose?

Fatullaev O.Yu. (15 min.)

Ear cartilage for Tip and Columella in Rhinoplasty / Ушной хрящ для восстановления кончика носа и колумеллы при ринопластике

Hong Nhung Nguyen (Vietnam) (15 min.)

Primary rhinoplasty: principles of choosing a closed/an open method. A personal view

Grigoryan A.A. (15 min.)

17:15-18:45 Section on The art of secondary rhinoseptoplasty (90 min.)

Co-chairs: Lipsky K.B., Aganesov G.A., Moshak S.V.

Secondary rhinoseptoplasty: a state-of-the-art algorithm

Lipsky K.B. (15 min.)

Original concept of using cartilage autografts in the reconstruction of various nasal structures during secondary rhinoplasty

Aganesov G.A. (15 min.)

Secondary rhinoplasty

Golovach V.A. (15 min.)

Minimally invasive non-traumatic harvesting of rib cartilage autograft

Yunusov T.S. (15 min.)

Rhinoconturning for rhinoplasty of noses with thick skin

Almazov I.A. (15 min.)

"Venetian mask" as a basic method of complex reconstructive facial surgery for secondary rhinoplasty

Moshak S.V. (15 min.)

Day 2 Emerald Hall (50 seats)*

Friendship program from the Chinese delegation

11:00-12:30 Section 1

Hair transplantation without shaving / 不剃发毛发移植术 / Трансплантация волос без бритья

Ding Zhilin 丁芷林

The essence of aging and the development trend of medical beauty anti-aging / 衰老的本质及医美抗衰老发展趋势 / Природа старения и тенденции развития косметической медицины против старения

Huang jinjing 黄金井

Application of ECM human Collagen products in beauty and restoration / 人胶原蛋白产品在美容和修复中的应用 / Применение продуктов с человеческим коллагеном ECM в косметологии и восстановлении

Xiao E 肖锴

Breast lifting surgery with three-fold folding of the upper and lower lobes of the breast / 乳房上蒂法下极三瓣叠拢提乳术 / Операция по лифтингу груди с трехкратным складыванием верхней и нижней долей груди

Shao Wenhui 邵文辉

12:45-14:15 Section 2

The technology and advantages of ultra-high biplane prosthesis breast augmentation / 超高位双平面假体隆胸的技术与优势 / Технология и преимущества сверхвысокого бипланарного протезирования увеличения груди

Lv Jingling 吕京陵

Exploration of Qianzhenmei type III collagen protein in the treatment of scar hyperplasia / 茜针美三型胶原蛋白在疤痕增生治疗的探讨 / Исследование белка коллагена Qianzhenmei 3-го типа в лечении гиперплазии рубцов

Zhang Ruobing 张若冰

Experience in the treatment of facial aging type "transformation" with type III collagen protein / 三型胶原蛋白在面部衰老型“馒化”的治疗心得体会 / Опыт применения коллагена 3-го типа при старении кожи лица по типу «трансформация»

Shen Ting 沈婷

Strategies of flap donor site closure with aesthetic concern in Asian population

Shaoqing Feng 冯少清

14:30-16:00 Section 3

Clinical exploration of modified triangular flap for repairing mild to moderate epicanthic fold deformity / 改良三角皮瓣修复轻中度内眦赘皮畸形的临床探讨 / Клиническое исследование модифицированного треугольного лоскута для устранения деформации эпикантуса легкой и умеренной степени тяжести

Xia Qiongping 夏琼平

SMAS lower facial wrinkle removal surgery / 中下面部SMAS下面部除皱术 / Операция SMAS по коррекции нижних мимических морщин

Chen Xueshan 陈学善

Interpretation of collagen perfusion / 胶原灌注的解读 / Интерпретация перфузии коллагена

Xie Xiuli 谢秀丽

Exploration of injection levels for autologous fat transplantation breast augmentation surgery / 自体脂肪
移植隆乳术注射层次探讨 / Исследование уровней инъекций при трансплантации аутологичного
жира для операций по увеличению груди

Liu Chengsheng 刘成胜

Clinical Research and Transformation of the Second Hospital of Jilin University / Клинические
исследования 2-ой больницы Цзилиньского университета

Qu Wenrui 曲文瑞

ТИХООКЕАНСКИЙ ФОРУМ

С МЕЖДУНАРОДНЫМ УЧАСТИЕМ
SEPTEMBER 29, 2024

Day 3
Diamond Hall "A" (200 seats)
PLASTIC SURGERY PROGRAM*

10:00-11:45 Section on Contour modeling of the body and the limbs. Part 1 (105 min.)

Co-chairs: Sharobaro V.I., Rakhimov A.Ya., Zotov V.A.

Current issues of patient safety in the correction of body contours

Rakhimov A.Ya. (15 min.)

Choices for abdominoplasty in various morphotypes of the skin-fat and muscle-aponeurotic framework

Zotov V.A. (15 min.)

Penis lipofilling

Pavlyuk M.D. (15 min.)

Simultaneous surgeries: How to get the maximum result with minimal risks

Pimanchev P.V. (15 min.)

Our experience of liposculpture in Azerbaijan

Mammadov V.A. (15 min.)

Optimization of the results of surgical correction of breast asymmetry

Kiseleva D.I. (15 min.)

Prevention of complications in augmentation T-mastopexy

Gotovtseva U.A. (15 min.)

12:00-13:30 Section on Contour modeling of the body and limbs. Part 2 (90 min.)

Co-chairs: Marinicheva I.G., Sidorenkov D.A.

Lipomodeling as the basis for contouring of the lower limbs

Marinicheva I.G. (15 min.)

Abdominoplasty and the opportunities offered by a thulium laser in complex clinical situations

Sidorenkov D.A. (15 min.)

State-of-the-art liposculpture of the body

Rakhimov A.Ya. (15 min.)

Features of surgical tactics in patients with long-standing mine-blasting injuries of the limbs

Seryakov V.I. (15 min.)

The modified BEAULI method as the key to a successful lipotransfer

Penaev A.A., Yumudov M.D., Penaeva S.A. (15 min.)

*(*with the support of the Valento company, not included in the NMO program)*

Aesthetic body correction: abdominoplasty or a body lift? Choosing a technique based on visual perception

Dashtoyan G.E. (15 min.)

13:45-15:45 Section on Advanced technologies of reconstructive plastic surgery (120 min.)

Co-chairs: Kazantsev I.B., Vasiliev V.S.

Our experience of using the supraclavicular flap in the treatment of secondary lymphedema

Ratushny N.A. (15 min.)

The use of plastic technologies for mine-blast injuries and gunshot wounds to the head

Totorkulov R.I., Pak O.I., Sinitsyn P.S. (15 min.)

Digital technologies in gnathic surgery

Tolmachev V.E., Li P.V. (15 min.)

Lipofilling as a tool for volumizing mammoplasty: from the elimination of small contour defects to total breast reconstruction

Vasiliev V.S. (15 min.)

Reconstructive plastic surgery for facial paralysis

Saidova Z.T. (15 min.)

Posttraumatic rhinoseptoplasty: Structural or preserving?

Yusifzade R.V. (15 min.)

The role and development of tissue engineering structures in plastic surgery. Issues and opportunities

Prokhoda E.E. (15 min.)

Reconstruction of the ear auricles using auto-costal cartilage

Madina S.I., Asirova G.V., Almeida D. (15 min.)

16:00-17:30 Session on Aesthetic facial surgery (90 min.)

Co-chairs: Manturova N.E., Zuev V.V., Sharobaro V.I.

Opportunities offered by endoscopic face lifting

Sharobaro V.I. (15 min.)

Endoscopic plastic surgery of the middle third of the face using a thulium laser

Bayramova A.S. (15 min.)

Deep neck lifting in combination with SMAS-plication

Almazov I.A. (15 min.)

Surgical correction of lateral upper eyelid blepharochalasis in patients of Asian ethnic group

Nguyen Dinh Bao (Vietnam) (15 min.)

The method of an integrated approach for repeated aesthetic surgeries of the face and neck

Saramkov N.E. (15 min.)

Endoscopic lifting of the upper third of the face and my opinion on the need for forehead fixation

Buzov D.A. (15 min.)
